# FLOORING DESIGNED FOR EDUCATION

We understand that educational environments, from primary schools to universities, come with their own set of challenges. That's why we design our carpets to deliver long-lasting performance and meet strict safety standards.

Manufactured with learners in mind, our carpets help create comfortable, supportive spaces that enhance focus and well-being at every stage of education.

## Why Choose Our Flooring?

- **Long-Lasting Performance:** Built to withstand the heavy daily traffic of corridors, classrooms, and communal spaces
- **Slip Resistance:** Delivers reliable grip in wet conditions, reducing the risk of slips compared to hard flooring
- **Noise Control:** Improves acoustics in classrooms and open areas, helping to maintain a focused learning environment
- **Zoning and Design:** Supports visual zoning and wayfinding with a wide choice of colours and textures
- **Eco-Conscious Expectations:** Contributes to sustainability goals through recycled content and low-emission manufacturing

## We Manufacture Carpets for:

- Classrooms
- Libraries
- IT Rooms
- Entrances and Transition Areas
- Social and Breakout Spaces

# SUPACORD: THE EDUCATION SECTOR'S TOP CARPET

## Why It's Trusted in Education

- **Designed for Education:** Over 50 years of proven performance in schools, colleges, and universities; winner of the CFJ Award for Top Carpet in the Education Sector 2024
- **Heavy Contract Rating:** Classified as EN 1307: Class 33, suitable for high-traffic areas
- **Sustainable Performance:** Achieves a top-tier BREEAM A+ rating for environmental standards
- **Easy to Clean and Maintain:** Low-maintenance surface supports hassle-free upkeep in busy environments
- **Extensive Colour Range:** Choose from over 42 colours to align with school branding and create engaging learning spaces

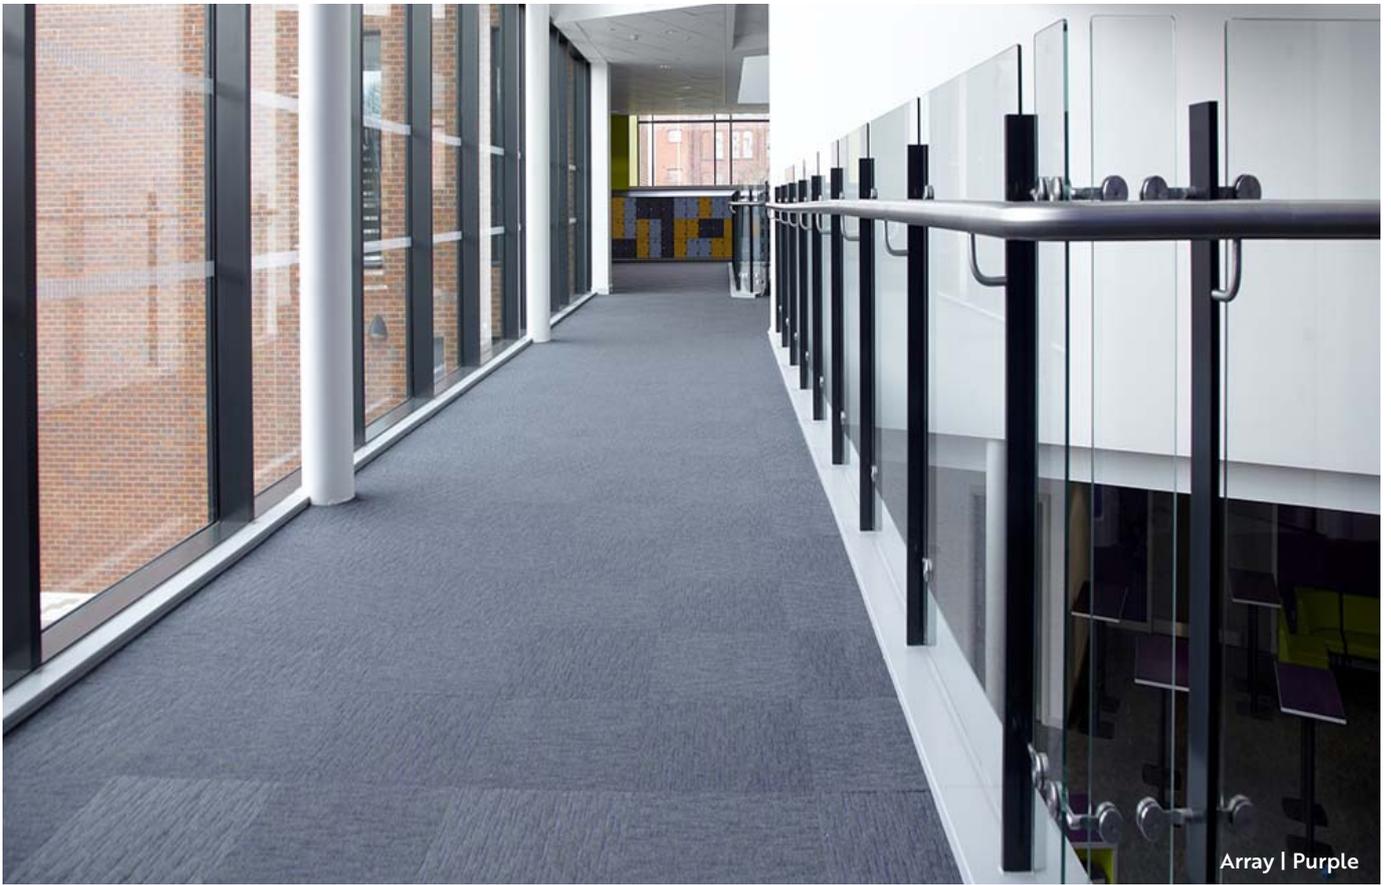

## SUPACORD RECOGNISED IN AWARD-WINNING SCHOOL PROJECT

As part of a new-build education project for main contractor Kier, Westcotes Flooring installed 700 m<sup>2</sup> of Supacord carpet tiles and 48 m<sup>2</sup> of Battleship entrance matting in Anthracite across two floors and staircases.

Supacord was specified for its exceptional durability and suitability for high-traffic educational environments. In isolated areas, the tiles were installed over acoustic underlay to enhance sound absorption, supporting a quieter and more comfortable learning space.

The project was recognised with the CFJ Award 2025 for Best Use of Flooring in Education, showcasing Supacord's durability, safety compliance, and long-term value in high-traffic environments.

# DESIGN WITH PURPOSE: ARRAY AND BROADRIB

## Why Choose Array and Broadrib?

The perfect pairing of Array's bold colours and Broadrib's classic textured finish creates dynamic, functional flooring ideal for schools.

- **Clear Visual Pathways:** Contrasting textures and tones guide movement
- **Brand Integration:** Use Array's vibrant palette to reflect your identity and create engaging spaces
- **Durable Performance:** Broadrib's ribbed texture offers long-lasting resilience in high-traffic areas
- **Flexible Design:** Combine both ranges to create a unique design tailored to your environment

# SPECIALIST CARPET, TILES, AND MATS

Bespoke Entrance Mat | Charcoal, Silver, Red, Purple, and Yellow

## BESPOKE ENTRANCE MAT

Bespoke Entrance Mat | Bank Grey, Charcoal, Blue, and Red

Our durable Diamond entrance carpet, made from 85% polypropylene and 15% recycled polyester, offers a long-lasting alternative to printed matting. Custom logos and designs are available for areas up to 4 m × 4 m, with a choice of 21 colours to perfectly match your school's branding. Secure rubber edging keeps the loose-lay mat firmly in place on most entrance surfaces.
